6:30pm Dinner

7-8PM Main Presentation

8PM – Winner of Ugly Sweater Announced

**Main Presentation: – Rebate Programs**

**Presented by Michael Scorrano** – This presentation will go through the rebate programs for both NYSEDA and Con Edison soup to nuts. First going through NYSEDA, the presentation will go through solar, energy management, and other incentives to commercial and multifamily housing. Next, Con Edison's Demand Management Program (DMP) is discussed at length which is open to both Con Edison and New York Power Authority customers. It covers Electric, gas, and other energy saving measures for both commercial and multifamily housing as well.

Since 2003, EN\_POWER Group has helped thousands create and implement customized, comprehensive energy strategies. With their extensive knowledge of rebates and local codes, they guide clients to more efficient and sustainable energy solutions.

**Technical Presentation: - Blue Box**

Blue Box is an innovative process that harnesses the power of enzymes to transform the energy profile and indoor air quality of a building. It cleans coils with a process that is pH neutral, odorless, and free of toxic or hazardous chemicals without any disruption to the system or the building's occupants.

Please RSVP To: ASHRAE Bi-State President Stephanie O'Dea at [Stephanie.L.ODea@gmail.com](mailto:Stephanie.L.ODea@gmail.com)

Next Meeting is February 13<sup>th</sup>, 2019 at Bull and Barrel Brewery, Brewster NY.
