CHAPTER MEETING: November 13th, 2015
Presentation: B.O.C.E.S PNW Tour
Yorktown, NY

PRESIDENT’S MESSAGE
We continue to appreciate having a diverse group of attendees (Engineers, Facilities Operators, Sales Engineers, Contractors etc.) to collaborate and in turn learn from each other. As stated previously, our current Society President states in his Presidential Address:

“We are most effective when researchers, consultants, contractors, owners, and users are connecting and collaborating.”

The Bi-State Chapter has always embraced this concept and both our Board of Governors and our Membership reflect this.

Our Programs continue to highlight that diversity and in September we had full house at Casa Rina for the Legionellosis: Risk Management presentation as well as a presentation on Fabric Ductwork. Our October meeting which speaks to Lighting and control of lighting as well as the Future of Refrigerants contributes to an ongoing diversity of topics for our Membership.

This month we will attend a presentation on the HVAC Tech program at Putnam Northern Westchester B.O.C.E.S. Our Chapter will present a check for $1000 to support upgrades to equipment in the lab.

Thank you to our Board of Governors as well as our Membership for continued support and for their passion for seeking solutions. It is this interest and drive that makes being a member of the Bi-State Chapter so rewarding.

James F. Dolan, P.E.

- Making Connections
- In Case You Missed It
- ASHRAE Research
ASHRAE RESEARCH

I would like to thank last year’s contributors listed below for their generous support in making the campaign a most successful one.

As some of you may not know, ASHRAE’s Research Program sets ASHRAE apart from other professional societies and associations of its kind. ASHRAE’s Handbook series, technical programs, standards, and special publications all utilize the results of Research conducted through ASHRAE funding. ASHRAE conducts timely research to remain the foremost, authoritative and responsive international source on the interaction between people and the indoor and outdoor environment through the operation of HVAC&R systems in buildings and other applications.

Research Donations in particular are the foundation of the ASHRAE Research Program. We at the Bi-State Chapter of ASHRAE would like to invite you to invest in ASHRAE Research. ASHRAE is a not-for-profit organization and needs your support for continued success! The Bi-State Chapter of ASHRAE has continued to raise the bar for research funding, and we couldn’t have done it without your help.

We hope that we can count on you to help us reach our goal of $6,250 for the 2015 – 2016 campaign year. You can do this by filling in the form below or by contributing on-line at: https://xp20.ashrae.org/secure/researchpromotion/rp.html. Please make sure you mention the Bi-State Chapter so that we can be credited.

For further information or assistance contact Cliff Konitz, RP Chair, at 845-297-5864 or mailto:c.konitz@verizon.net

ABOUT ASHRAE

ASHRAE, founded in 1894, is a building technology society with more than 50,000 members worldwide. The Society and its members focus on building systems, energy efficiency, indoor air quality and sustainability within the industry. Through research, standards writing, publishing and continuing education, ASHRAE shapes tomorrow’s built environment today. ASHRAE will be the global leader, the foremost source of technical and educational information, and the primary provider of opportunity for professional growth in the arts and sciences of heating, ventilating, air conditioning and refrigerating.
2014 - 2015 Research Promotion Donors

**Major Donor - Silver $1,000 - $2,499**

- Bi-State ASHRAE Chapter
- Central Hudson Gas & Electric Corporation

**Major Donor - Bronze $500 - $999**

- Sheet Metal & Air Conditioning Assoc. - SE New York

**Major Donor - Antique $250 - $499**

- Miller Proctor Nickolas Inc
- OLA Consulting Engineers
- Mr Werner E Tietjen
- Unity Mechanical Corporation

**Honor Role Donors $100 - $250**

- Automated Control Logic Incorporated
- Collado Engineering
- DL Flow Tech Incorporated
- D P Wolff Inc.

**Vicualic Company of America - Easton**

- Mr Robert A Schmidt Memorial
- Mr James F Dolan, PE
- Mr John A. Fusco, PE
- Mr. Walter E Greenwood
- Mr Dennis LaVopa
- Mr George Mulvaney
- Mr Clifford F Konitz
- Mr Robert A Roston
- Mr Brendan Smith

**Other Donors**

- James Zonino Memorial
- Mr Douglas W Schmidt

**The Exchanger**
IN CASE you missed it

Stephen Descheness provided an excellent presentation covering requirements of ASHRAE Standard 188: Legionellosis and proper water treatment to reduce risk.
EDITOR’S NOTE

The appearance of any technical data, editorial material, or advertisement in this set of publications does not constitute endorsement, warranty or guaranty by ASHRAE of any product, service, procedure, design, or the like. ASHRAE does not warrant that information is free from errors, and ASHRAE does not necessarily agree with any statement or opinion in this set of publications. The entire risk of the use of any information in this set of publications is assumed by the user. Statements made in this publication are not expressions of the Society or of the Chapter and may not be reproduced without special permission.
ADVERTISING OPPORTUNITIES

We are currently accepting business card advertisements for this year’s newsletters. The cost of a business card ad is $125.00. The newsletter is published monthly, September through June (ten issues). That means for $125.00 ($12.50 an issue), your business card ad will circulate to approximately 300 recipients a month or an advertising cost of approximately 4 cents/recipient.

If you are interested in placing an ad, please forward a business card and check (payable to ASHRAE Bi-State) to ASHRAE Bi-State Chapter: DL Flow Tech, 2421 Route 52, Hopewell Junction, NY 12533

EMPLOYMENT AD OPPORTUNITIES

Employment ads may be submitted for inclusion in The Exchanger as follows:

1. $100.000 from companies placing ad for one (1) month.
2. $150.00 from companies placing ad for two (2) months.
3. No charge for members looking for employment.
### BI-STATE CHAPTER OFFICERS AND GOVERNORS 2015—2016

### WHY BE INVOLVED IN A LOCAL CHAPTER?

- Learn about the latest technologies presented in the program sessions
- Attain continuing education credits
- Meet industry associates and discuss local concerns
- Network amongst designers, installers, vendors, educators, in your local area to help improve business for all
- Share experiences with others
